

SILVER SPORT *Transmissions*

RO BASEPLATE INFORMATION

1. Your Silver Sport RO TKO Transmission System was assembled with the baseplate attached to the case by two (2) hex head bolts. These bolts are for shipping purposes only. They should be removed and discarded. See Installation Instructions step B-1.

2. This Transmission System also comes supplied with a **RO Baseplate Bolt Pack**. The bolt pack includes four (4) Button Head Socket Cap Screws and one (1) Countersunk Socket Cap Screw (see photo below). They are used in the Installation Instructions step B-17.
